PROJECT PROPOSAL

Business Proposal: Laptop Sales Website

1. Organization Overview

Name: Laptop Sales Website

Brief History:

Laptop Sales Website is a fictional South African technology retail company showed in 2022. The company was founded to provide affordable, high-quality laptops to students, professionals, and small businesses. It started as a small online reseller and has grown into a trusted supplier offering brands like HP, Lenovo, and ASUS at competitive prices.

Mission Statement:

To provide reliable, affordable, and high-performance laptops that meet the needs of modern users.

Vision Statement:

To become one of South Africa's leading online laptop retailers known for quality products and excellent customer service.

Target Audience:

- Students (college and university)
- Young professionals
- Small business owners
- Budget conscious customers
- Remote workers and freelancers

2. Website Goals and Objectives

Goals:

- Increase online visibility and website traffic
- Sell laptops directly through the website
- Generate leads and customer inquiries
- Provide detailed product information and comparisons
- Build brand credibility and trust

Key Performance Indicators (KPIs):

- Number of website visitors per month
- Conversion rate
- Average time spent on the website
- Number of inquiries via contact form
- Sales revenue generated online
- Bounce rate (how quickly users leave the site)

3. Current Website Analysis (if applicable)

(Assuming a basic existing website)

Strengths:

- Simple layout
- Basic product listings available
- Mobile-friendly design

Weaknesses:

- Outdated design and poor user experience
- No online purchasing (no checkout system)
- Slow loading speed
- Limited product descriptions
- No customer reviews or ratings

Areas for Improvement:

- Add full e-commerce functionality
- Improve website speed and responsiveness
- Enhance product pages with detailed specs and images
- Introduce customer reviews and ratings
- Improve navigation and search functionality

4. Proposed Website Features and Functionality

Essential Pages:

- Homepage
- About Us
- Products/Shop Page
- Product Detail Pages
- Contact Page
- FAQ Page

Key Features:

- Online store (add to cart & secure checkout)
- Product filtering (price, brand, RAM, storage)
- Search bar for easy navigation
- Customer reviews and ratings
- Live chat or WhatsApp support
- Newsletter subscription
- Secure payment options (card, EFT, mobile payments)

5. Design and User Experience

Overall Design Approach:

- Modern, clean, and professional design
- Focus on simplicity and ease of use
- Mobile-first design approach

User Experience Considerations:

- Easy navigation with clear menus
- Fast loading pages
- Clear call-to-action buttons (e.g., “Buy Now”)
- Consistent color scheme (e.g., blue, white, black for tech feel)
- Readable fonts and structured layout

Low-Fidelity Wireframes (Simple Layout)

6. Technical Requirements

Hosting & Domain:

- Domain: www.techtrendlaptops.co.za
- Hosting Provider: Afrihost or Hottinger
- SSL Certificate for secure browsing

Technologies:

- Frontend: HTML, CSS, JavaScript
- Backend: Node.js or PHP
- Database: MySQL
- Frameworks:
 - Bootstrap (for responsive design)
 - React (optional for dynamic UI)

7. Budget Estimation

Item	Estimated Cost
Domain Name	R150-300
Hosting	R1.300-R3000
Website Development	R8000-20000
Maintenance	R500-R1500
Marketing	R2000-R5000
