## **WEBSITE PROJECT PROPOSAL**

### **Tech Trend Laptops (Pty) Ltd – Laptop Sales Website**

#### **1. Organization Overview**

Name: Tech Trend Laptops (Pty) Ltd

Brief History:

Tech Trend Laptops (Pty) Ltd is a fictional South African technology retail company established in 2026. The company began as a small online reseller focused on supplying affordable, high-quality laptops to students and young professionals. With growing demand and positive customer

feedback, the business expanded its product range to include trusted laptop brands and improved customer service support. Today, Tech Trend Laptops aims to become a reliable online destination for technology solutions across South Africa.

Mission Statement:

To provide reliable, affordable, and high-quality laptops that empower individuals and businesses to succeed in a digital world.

Vision Statement:

To become one of South Africa's leading online laptop retailers known for quality, affordability, and excellent customer service.

Target Audience:

- Students (high school and university)
- Young professionals
- Small business owners
- Remote workers and freelancers
- General consumers looking for affordable laptops

## **2. Website Goals and Objectives**

Goals:

- Increase online visibility and brand awareness
- Generate leads and customer inquiries
- Sell laptops directly through the website
- Provide clear product information and support
- Build customer trust through professional design

Key Performance Indicators (KPIs):

- Number of website visitors (traffic)
- Conversion rate (visitors who purchase)
- Number of inquiries via contact form
- Average time spent on the website
- Bounce rate (users leaving quickly)

## **3. Current Website Analysis**

Strengths:

- Clear navigation menu (Home, Products, About, Gallery, Contact)
- Simple and understandable content
- Contact details are available
- Strong business message and purpose

#### Weaknesses:

- Repetition of content across pages
- Lack of product details (pricing, specs, images)
- No online purchasing system (e-commerce functionality)
- Basic design with limited visual appeal
- No user interaction features (reviews, search bar, filters)

#### Areas for Improvement:

- Add detailed product listings with specifications
- Improve layout and visual design
- Include e-commerce features (cart and checkout)
- Enhance user experience and navigation
- Add customer reviews and testimonials

### **4. Proposed Website Features and Functionality**

#### Essential Pages:

- Homepage (welcome message, highlights, promotions)
- About Us (company background and mission)
- Products Page (laptop listings with details)
- Gallery (images and videos of products)
- Contact Page (email, phone, address, contact form)

#### Additional Features:

- Product search and filter system
- Shopping cart and secure checkout system
- Customer reviews and ratings
- Newsletter subscription
- Mobile-friendly responsive design

### **5. Design and User Experience**

#### Color Scheme:

- Primary: Dark Blue (professional and trustworthy)

- Secondary: White (clean and simple)
- Accent: Orange or Green (for call-to-action buttons)

#### Typography:

- Headings: Bold sans-serif (e.g., Arial or Poppins)
- Body Text: Clean and readable font (e.g., Roboto)

#### Layout and Design Approach:

- Clean, modern, and minimalistic design
- Easy-to-read sections with proper spacing
- High-quality product images
- Consistent branding across all pages

#### User Experience Considerations:

- Easy navigation with clear menu structure
- Fast loading pages
- Mobile responsiveness
- Simple checkout process
- Accessible contact options

## 6. Technical Requirements

#### Hosting & Domain:

- Domain: [www.techtrendlaptops.co.za](http://www.techtrendlaptops.co.za)
- Hosting provider: Afrihost / Hottinger / GoDaddy

#### Technologies Used:

- HTML (structure)
- CSS (styling)
- JavaScript (interactivity)

| Item                | Estimated Cost |
|---------------------|----------------|
| Domain Name         | R150-300       |
| Hosting             | R1.300-R3000   |
| Website Development | R8000-20000    |
| Maintenance         | R500-R1500     |
| Marketing           | R2000-R5000    |
